DEPARTMENT OF BIOLOGY
DIRECTED READINGS MENTOR AGREEMENT

(Note to faculty advisors: A student cannot register for Directed Readings until this form is completed)

To: William R. Eckberg, Chairman and Directed Readings Coordinator
Department of Biology

From: _____ (Please print)
Name of Prospective Directed Readings Mentor

_____ _____
Signature of Prospective Directed Readings Mentor Date

I hereby agree to supervise the directed readings that will be conducted by

_____ (Please print) ID# _____
Name of Student

during the _____ semester of _____ (academic year).

I understand that the student will complete a project/assignment, based on the readings conducted in this course (Directed Readings) and that in order to receive credit for Directed Readings, the student must:

(1) submit to the Directed Readings coordinator by mid-semester (of each semester of directed reading) a statement of the work to be done, and

(2) complete the directed readings course assessment as determined by the faculty mentor.

Final Grade

The final grade for Directed Readings will be given by the Coordinator on the recommendation of the Directed Readings mentor, **provided that the above requirements have been met.**

Sophomores and Juniors who are members of the COAS Honors Program, only. One (1) credit. This course involves pursuit of an independent literature research problem in a sub-discipline of Biology under the direction of a faculty mentor. Students who enroll in Directed Readings are expected to enroll subsequently in Honors Research under the same mentor.
