

## Medical School Average MCAT Scores and GPA

These figures were taken from the 2008-2009 edition of the Medical School Admission Requirements book, published by the AAMC. You can order a copy at [www.aamc.org](http://www.aamc.org).

**Students should not choose to apply to schools solely based on average GPA and MCAT scores!** It is important that you also look at curriculum, opportunities outside of the classroom, geographical considerations, match to the school's mission, etc.

Be certain that you investigate whether a public school will accept out-of-state applicants, if you are not a resident of that state.

The GPA's listed are for *accepted* applicants, not *matriculated* students.
